

POLK TO CELEBRATE

BIG PATRIOTIC JUBILEE TOMORROW EVENING

A FLAG PRESENTATION

Addresses Will Be Made by Judge Dawson, L. C. Cook, W. A. Blagg, and M. E. Ford.—Urge Large Attendance.

Tomorrow evening at 7:45 o'clock the people of Maryville and Polk township will have a patriotic celebration, following the reaching of the goal in the Fourth Liberty Loan. The affair will be held on the court house lawn around the band stand. Judge John M. Dawson will preside and speeches will be made by L. C. Cook, W. A. Blagg, and M. E. Ford.

A feature of the celebration will be the presentation by the Liberty Loan campaign executive committee to the G. A. R. of a large American flag which will be hoisted to the top of the flag pole by the Boy Scouts. The Home Guards will also take part in the celebration and will, perhaps, give an exhibition drill following the speaking.

It is urged that every citizen of Maryville and Polk township attend the celebration, as with all indoor meetings having been called off on account of the influenza epidemic, it is proposed to make the event tomorrow night one of the biggest out door gatherings in the history of Maryville.

DRAIN FUNERAL HELD MONDAY

Mrs. Augustus Romasser Returned Last Night From Shelbyville.

Mrs. Augustus Romasser returned last night from Shelbyville, where she was called to attend the funeral of her nephew, Benjamin Stanford Drain, the son of Judge and Mrs. V. L. Drain, who died October 9, on board the Alabama at Newport News, Va.

The funeral services were held at three o'clock Monday afternoon at the family home. Mrs. Martha E. Turner, the mother of Mrs. Drain, who also went to attend the funeral will remain for a visit of several weeks with her daughter and family.

TO ATTEND KUCHS FUNERAL.

Services to Await Arrival of Paul Kuchs From Camp Sevier, S. C.

No arrangements for the funeral services of Richard Kuchs, Jr., who died Sunday at Toronto, Canada, will be made until the arrival of a brother, Paul Kuchs, who is in army training at Camp Sevier, S. C. Mr. Kuchs started from Camp Sevier last night and is expected to arrive in Maryville Thursday night or Friday morning. The body of the deceased young man arrived in Maryville this morning, accompanied by his parents, Mr. and Mrs. Richard Kuchs.

Among the relatives from a distance who have arrived in Maryville to attend the funeral are C. R. Kuchs of St. Joseph, a brother of Mr. Kuchs, Sr., Ed Enderline of Altus, Okla., a nephew of Mrs. Kuchs and Mrs. Martin Henzie of St. Joseph.

Administrator Named.

In the estate of Chas. H. Eaton of Barnard, whose death occurred on August 28, Jos. C. Eaton of Barnard was named by the probate court as administrator.

Blaine Thummel Improving.

The condition of Blaine Thummel, the son of Mr. and Mrs. A. Thummel of Parnell, who is seriously ill with pneumonia, was slightly improved today. The young man is a brother of Mrs. Frank Reavis of this city.

MARYVILLE HEARS REPROOF

Visiting Blue Jacket Asks If We Haven't Learned to Salute the Flag When Its on Parade.

"Haven't you folks learned to salute the flag yet?"

The question was fired at a citizen this morning as he stood with head covered as the Stars and Stripes, carried by the Home Guard and Boy Scouts passed down the street, the two organizations acting as escort to the forty men who entrained for Camp Bowie, Texas, this morning. The Blue Jacket, who stood by his side at respectful attention as the colors went by, looked his amazement as he saw no mark of recognition or respect from those near him. Only one man out of more than a hundred observers within a few blocks paid the proper respect to the flag under which the American boys are fighting and giving their lives.

Besides the Home Guards and Boy Scouts few were at the depot this morning to see the boys off except mothers, fathers and sweethearts. The new men were in high spirits and boarded the special car, giving a rousing cheer as the train pulled out of the yards.

SENDS GERMAN SOUVENIRS

Cecil Wilson Collected Personal Effects of Two Hun Soldiers Who Fell Before His Fire.

At least two German soldiers will not be able to "point with pride" to certificates of iron crosses received for valor in battle. In a letter to Hosié Holmes received today from Cecil Wilson he sent as souvenirs of a recent battle in which he participated certificates taken from two German soldiers showing they had received the iron cross from the Kaiser, one of them being a second decoration for bravery. Wilson said both men paid the penalty in front of his rifle. The names of the Germans as shown on the certificates were Brommer and Kack and were dated August 5, 1914. Wilson also sent a wallet taken from one of the men together with a five franc note and several other small souvenirs.

The certificates awarding the iron crosses bear the following inscription: Auf Befehl Sr. Majestät des Kaisers und Königs.

Ist dem Fusilier Brommer, von der Kompanie Grenadier-Regiments Graf Kleist von Nollendorf (I Westpreussische) Nr. 6 für hervorragende Tapferkeit und tadellofes Verhalten in jeder Beziehung das durch Allerhöchste Kabinettsordr vom 5. August 1914 erteilte.

Eiserne Kreuz 2 Klasse Verliehen worden

(Signed) GEMDORF, Major und Regimentskommandeur.

MCKILLIP WILL IS FILED.

Property Is Left to Children and the Grandchildren.

The will of the late James McKillip was filed for probate today. All the real and personal property was ordered divided equally between children and grandchildren as follows: Goldie, a granddaughter; four daughters, Mary, Ella, Katie and Josie; four sons, David, John, Arch and Charley. To a daughter, Lucy, \$200 was bequeathed, and to a son, Andrew J. McKillip, a bequest of \$1 was made. J. F. Roelofson was named administrator.

Price Boys Home on Visit.

Byron Price, who is with the medical corps at Camp McArthur, Texas, arrived in Maryville last night to visit his parents, Mr. and Mrs. W. B. Price. Another son, Joe, who is in the same camp, is expected in Maryville tonight. Byron came to accompany a body of a deceased soldier to Blairsville, Mo., and Joe was sent with a patient to a town in Michigan. Both boys are at the base hospital at Camp McArthur.

Guest at Willard Home.

Miss Stenna Dooley of Mound City spent yesterday in Maryville visiting Mrs. S. J. Willard and daughter, Miss Leona. Miss Dooley was enroute to Fayette, Mo., where she will return to her work at William Woods college after a short visit at home.

Verne Pickens Here.

Verne Pickens who is at the Great Lakes Naval Training Station, arrived in Maryville yesterday for a short visit with his parents, Mr. and Mrs. G. L. Pickens.

Returns From Louisiana.

J. A. Ford returned last night from a two weeks' business trip to Shreveport, La.

NODAWAY IS COMING

EXPECTED LOAN QUOTA WILL BE REACHED THIS WEEK

OFFERS OF ASSISTANCE

Executive Committee Proffered Aid From Various Townships in Securing Additional Subscriptions.

Polk township has not only subscribed its full quota in the Fourth Liberty Loan, but has gone over with \$5,000 to spare. The success of the loan in this township was due to nothing more or less than the "fighting heart" of the men here at home; they remained enthusiastically determined to make the loan a success. It was a success.

Reports from the county today show gains are being made from time to time and the executive committee is getting offers of assistance, telephone messages to Chairman W. C. Pierce from various towns telling him they would like to help. Father Placidus, of Conception, telephoned this morning that he would strain a point to pick up a few extra thousand dollars, although his township (Jefferson) is considerably over its quota. A good spirit is being generally shown and Nodaway county is yet expected to make good.

Germany's peace propaganda undoubtedly has influenced the withholding of some subscriptions in this district to the Fourth Liberty Loan but the President's prompt and emphatic refusal to make no peace with the Kaiser has settled it in the minds of the people of this district that the war is going to continue to a victorious conclusion or an unconditional surrender of the enemy.

So far as the peace propaganda is concerned therefore, the Kaiser is not going to "let by" with it. The Liberty Loan organization is seeing to it that those who for this reason are holding back subscriptions are coming through to the limit of their ability to lend.

To the everlasting glory of our troops and their commanders, from Marshal Foch down, he it said that the prime hope of the Kaiser, that of sewing up the Allied offensive in order to obtain time to reorganize his demoralized armies, has failed completely of realization.

TRENCH LIFE SUBTRACTS FEAR

Paul Chilton Doesn't Mind the Life After the First Trial.

Mrs. James B. Robinson has received the following very interesting letter from her nephew, Paul Chilton.

September 9.

Dear Aunt Mag: I just received your letter last night, saying you had gotten the letter that I wrote from France and I was certainly glad to hear from you. I also had quite a few other letters and I certainly enjoy them. We had all been sitting around talking about home as we often do before we go to bed when the mail man came and I never saw anything put new life into a crowd like it did and it is always that way. You wanted to know what kind of places we live in.

We live in many different places, sometimes in houses, other times out in the open or in barns. We are now in the best place that we have ever been in. Four of us have a pretty good room to stay in. But the last place we were in, we slept upstairs on the hay and the downstairs was full of horses. That is more like the usual run of places that we have to stay in. But we have gotten used to it and all that we care about is a place to sleep. It makes no difference what kind of a place it is. We came out of the trenches a little over a week ago and it is quite a relief to get away from them for a while as it is a strain when you are in as long as we were. We were on the front line for 28 days and we had many experiences. One of the worst things is the loss of sleep. The rats and the cooties won't leave you alone. I believe they are the worst pests that the world has, at least if there is any worse I have never run across them. I am glad we have been in once and got that much over with as we get rid of that fear everyone has when they first go in and I don't think we will notice it much the next time. * * * We are going down to take a swim before supper. There is a fine place about half a mile from here and we go in almost every day. Please write as often as you can spare the time.

With love,

PAUL CHILTON.

FOR BETTER RURAL SCHOOLS

Commercial Club Will Take Part in Campaign and Will Provide Accommodations for Workers.

At the regular weekly meeting and luncheon of the directors of the Commercial Club last night the coming campaign for better rural schools was discussed and arrangements were made to make the campaign in Nodaway county a success. The movement will be the biggest thing the state has ever attempted in this line and with a standing that ranks 32nd among the other states, an effort will be made to have conditions improved and to secure more money for rural schools.

The campaign will begin the latter part of November and will continue two weeks with meetings held in every school district in the state. Educators from many states will aid the county superintendents and others in the campaign. Twelve teams of three men each will take part in the work here and it is the intention of the Commercial Club directors to provide for their accommodation while in this county.

Announcement of the dates and places of meetings and other information will be given from time to time.

"FLU" SPREADING IN COUNTY

Additional Cases Are Reported From Parnell and Hopkins.—Conditions Here Unchanged.

While no new cases of influenza have been reported at the office of Dr. P. M. Ryan, city physician, since yesterday morning, conditions remain about as they were at the first of the week. The cases now under quarantine are reported to be improving with no serious complications having arisen in any of them so far. None of the physicians will say when the closing order may be lifted and it is expected that the ban will continue indefinitely.

The epidemic is gaining in one, two or three of the smaller towns in the county, there being a number of new cases reported at Parnell today.

At Hopkins several new cases have developed and others were reported from Arkoe. Dr. Ryan, city physician, visited all of these towns today, visiting patients. At Parnell the town's only remaining physician is confined with the disease.

SEES NODAWAY BOYS

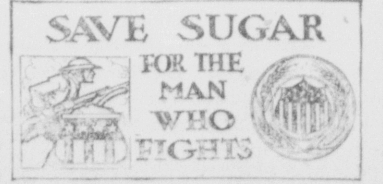

Dick Livasy Meets "Zip" Blagg, "Red" Sells and Others in France.

In a letter to his mother, Mrs. Mary Livasy, Harold (Dick) Livasy writes as follows, his letter being dated September 17:

"I haven't very much time to write and its either now or not at all for some time to come. I haven't heard from home for several weeks and I wish some of you would get busy and write. I suppose you have read in the papers where we have been driving the Germans back. Well, I was there and I'll never forget the experience. Our artillery started a barrage which lasted from 1 a. m. until 5 a. m.—four hours—and at 5 it was 'over the top' and some sight. Every word the papers say about the coolness of the Americans is sure true. They do not act like they know what fear is and the Germans have all the respect for them in the world. They don't seem to understand our way of fighting. I should judge the bunch I was with took about seven hundred and fifty prisoners. I met 'Zip' Blagg driving a truck one day when I came in, but I had to go right back as quick as possible and did not get to talk with him but a few moments. I also saw 'Red' Sells and one of John Gray's boys. One of the boys in my company saw Elmer Bagby looking for me but I missed him some way and may never see him now. Believe me, I have a whole German outfit I would like to have at home. Souvenirs—gloves, helmet, gas mask, belt with 'Got Mitt Uns' on the buckle, canteen, cane, toilet kit, cap, rifle—just about everything. I would have brought back a German himself if I thought I could have kept him. I never felt better or had less. One funny coincidence is that I went over the top when Fritz came pretty near getting me a few months ago. Tell everybody to write."

London, Oct. 23.—The Germans are planning a retirement of nineteen miles in the Brussels region and it is reported that they have begun stripping the city of all useful material, according to information received here today. A continuous line of transports has been seen moving in the direction of Nemur all loaded with booty, and roads and bridges far east of Tournai have been mined preparatory to retreat. Trees have been felled and the town has been cleaned of valuables. All useful machinery has been removed by the Germans from Lille and other manufacturing cities throughout the entire region. Even the churches have been mined by the Germans in Pecq and Maroing. All war materials and the hospitals in Brussels are being moved back to Germany.

London, Oct. 23.—A new assault was begun by the British early today on the front east and southeast Cambrai and good progress was made, the war office announced. The attack centered between Le Cateau and Solesmes. The British have reached the western bank of the Scheldt river between Valenciennes and Tournai at two points but considerable resistance has been encountered, the Germans fighting desperately.

Indications That Pershing's Forces Will Launch New Attack Somewhere in the Verdun District. Activity Increases.

London, Oct. 23.—A new attack was launched by the British today over a seven mile front east and southeast of Cambrai and satisfactory progress was reported by General Haig. The attack centered in the sectors at Le Cateau and Solesmes, where the British are evidently attacking in a north easterly direction to outflank the German forces standing between Valenciennes and the Belgian frontier.

The British have entered Valenciennes and despite increased resistance have made further gains north of that city in the direction of Tournai. North of Tournai the Scheldt river has been crossed in the sector at Pecq.

The Allied troops in Belgium are still beating back the Germans and the Belgians advancing in the direction of Ghent have crossed the Lys canal. The Americans are standing just south of the zone of the new British attack, but whether they took part in the fighting that has been going on in that region is not announced by the British war office. There is growing indication that there is another American attack about ready to be launched against the German left flank. This new drive may fall in one of three places, the Arzonne-Meuse sector, the Woivre district of Metz or in the Vosges mountains.

The French are now fighting for a crossing of the Serre river, having advanced fifteen miles in a north easterly direction from Laon.

The Serbians have almost completely liberated their country from the Austro-German invaders.

WILSON TO STAND PAT

WILL NOT YIELD TO GERMANY, SAY THOSE WHO TALKED THE MATTER OVER WITH HIM

ASKS ALLIES O. K.

HIS ACTION WILL HAVE FULL APPROVAL OF ENTENTE POWERS BEFORE BEING MADE PUBLIC

NO TREATY, SAYS PARIS

Armistice Will Not Be Considered.—French Call Note Equivocal, Crafty and Obscure.

Washington, Oct. 23.—President Wilson's action on the latest peace note will have the full approval of the Entente Powers before it is made public. With the official text in his hands the President took steps to consult with the British, French and Italian premiers and communication between Washington and the Allied capitals is now in progress. Officials at the White House said it was impossible now to say when the plan of the President would be revealed.

Washington, 23.—President Wilson will not "yield an inch" to Germany in response to the latest Teutonic peace note, according to officials who discussed the question with him.

He will make it clear that Germany must demonstrate her good faith by her conduct henceforth if she desires an armistice, and that peaceful evacuation of invaded territories by the Teutonic armies must be on terms laid down by Marshal Foch and the other military advisers of the nations fighting the Central Powers.

London, Oct. 23.—"Under no circumstances should Germany's former colonies be returned to her," declared foreign secretary Balfour at a luncheon here today. "The end of the conflict is not yet in sight," he continued, "and while it is right to suppose that the enemy is crumbling to pieces we have but entered that phase that insures us victory."

Paris, Oct. 23.—The German reply to President Wilson excited much comment in the lobby of the Chamber of Deputies last evening. It was considered on every side as denoting that a spirit of depression and demoralization pervades Germany. Concerning the reference to the conditions of evacuation and armistice, the note is regarded to be willfully equivocal, crafty and obscure.

Parliamentarians are unanimous in the belief that the so-called constitutional reforms in Germany afford no guarantee that the reforms will be lasting or efficacious.

The newspapers express the opinion that the note is a moral abdication of the German emperor. They say that Germany feels the need of peace and is giving way, but that the government would like to attain peace without accepting just and necessary sacrifices and declare that an armistice cannot be considered unless it gives the Allies at once exactly the same guarantees as a complete victory.

Mrs. Mary Norman Kettering.
Mary Norman was born Sept. 11, 1852 at Richland Grove, Mercer Co., Ill. At an early age she became converted and joined the United Brethren church. On Sept. 10, 1872 was married to Parr Henry Kettering. To this union was born three children, Nellie Maude, who died in infancy, Frank Neil of Graham, Mo., and Mrs. Gertrude Preston of St. Joseph, Mo. After a short illness she died Oct. 12, at Noyes Hospital, St. Joseph, Mo., at the age of sixty-six years, one month and one day.

The funeral services were held from the home in Graham, Monday afternoon, Sept. 14, by the Rev. A. H. McKillup, pastor of the Methodist church.

CLEARMONT NEWS.

There are several cases of Spanish influenza in town and vicinity, but none are bad at present.

Litta Brownfield went to St. Joseph Saturday to join her husband who has a position with a tent and awning factory.

Thomas Anderson of Wray, Colo., is visiting friends and relatives here.

The body of Mrs. Nora Snyder arrived Friday morning from Colorado Springs, accompanied by her husband,

and brother, Milt Gregory, and was buried in the Oak Hill cemetery.

George Ricketts came up from St. Joseph Saturday night and visited over Sunday with his brother-in-law, James Smith.

Al Wolf returned Sunday from a six months' trip in Washington and Oregon.

A. H. Kelley of Dubois, Neb., and brother, Charley, of Tarkio, were in town Monday en route from Villisca to Quitman where they were taking their

mother, who died at Villisca of Spanish influenza.

Several letters were received Monday from the boys in France, two from Clayton Brownfield, two from Holmes Metcalf and one from Otis Baker. All of the boys are well.

Claude Pruitt who has been working at Chillicothe, in the gun-stock factory came home Monday, and went to Maryville Tuesday to ask permission of the local board to enlist as an ambulance driver.

Mrs. Carter Receives Gifts From Husband Abroad.
Mrs. Arch Carter has received some souvenirs from her husband, Arch Carter, in service in France, that were brought to her by a companion of Mr. Carter's, Robert Hayden of West Plains, Mo., who was returned to the reconstruction hospital at Des Moines, Ia. Mr. Carter has been severely wounded and when last heard from was still in the hospital. Young Hayden was with him and brings Mrs. Carter direct word of her husband's condition and writes that as soon as he is able, he will come to Maryville and visit and tell many details which he cannot write. Mr. Carter is improving but will not be able to leave the hospital for some time. Among the gifts sent to his wife, is a silver and gold ring, quaintly constructed, bearing the French government insignia and a brooch of silver in the shape of a martlet, the national bird of France.

Spanish Influenza--What It Is and How It Should Be Treated

Nothing New—Simply the Old Grip, or la Grippe, That Was Epidemic in 1889-90, Only Then It Came From Russia by Way of France and This Time by Way of Spain.

Go to Bed and 'Say Quiet'—Take a Laxative—Eat Plenty of Nourishing Food—Keep Up Your Strength—Nature Is the Only 'Cure.'

ALWAYS CALL A DOCTOR.

NO OCCASION FOR PANIC

Spanish influenza, which appeared in Spain in May, has all the appearance of grip or la grippe, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C., which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

There is no occasion for panic—influenza itself has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally, patients in a run down condition—those who don't go to bed soon enough, or those who get up too early.

THE SYMPTOMS.

Grip, or influenza as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night, often times a sore throat or tonsillitis, and frequently all the appearances of a severe head cold.

THE TREATMENT.

Go to bed at the first symptoms, not only for your own sake, but to avoid spreading the disease to others—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Quinine, Asperin or Dover's Powder, etc., may be administered by the physician's directions to relieve the aching. But there is no cure or specific for influenza—the disease must run its course. Nature herself will throw off the attack if only you keep up your strength. The chief danger lies in the complications which may arise. Influenza so weakens the bodily resistance that there is danger of pneumonia or bronchitis developing, and sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlegm, and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck, as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed thru and stimulates the skin, attracting the blood to the surface and thus aids in relieving the congestion within.

HOW TO AVOID THE DISEASE

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly thru coughing, sneezing or spitting. So avoid persons having colds, which means avoiding crowds—common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLDS

Above all, avoid colds, as cold irritate the lining of the air passages and render the mucous better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea-kettle. Fill half full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling, and inhale the steam arising.

NOTE: Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine in salve form Menthol and Camphor with such essential oils as Eucalyptus, Thyme, Cubeb, etc., so that when these are applied to the body heat, these ingredients are liberated in the form of vapors.

VapoRub is comparatively new in New York state and New England and a few western states, where it is just now being introduced, but in other sections of the country it is the standard home remedy in more than a million homes for all forms of cold troubles. Over six million jars were sold last year. It is particularly recommended for children's croup or colds, since it is externally applied and therefore can be used as freely as desired without the slightest harmful effects. VapoRub can be had in three sizes at all druggists.

"What ought to be done to the man who goes up to the general delivery window at the post office and stops to read the two or three postal cards he receives while a long line of patrons behind him have to wait for his convenience, and the man who goes to his box to get his mail and stands there till he peruses it, keeping others waiting who want to get to their boxes near?" asks a Democrat-Forum reader. Need A Sweater?

WILL you need a Sweater this winter? If so, you should make your selection now while you can get sweaters of all wool and nearly all wool. After January 1st, knit goods manufacturers are permitted to use not more than 50 per cent wool in the manufacture of sweaters. The stock we have on hand is not affected by this new restriction and offers a wonderful variety of selection in both the all wool and those of nearly all wool.

There are also style restrictions that will effect a number of the models now being shown. Therefore, buy now—the quality, the style and the price is in your favor.

Many of the sweaters now on display in our ready-to-wear department are in the belted effects, the pockets on both sides; the large collars, some in roll effect and others in the large square style; the V neck and those that button close around the neck; some have pockets, belt and trimmings on the collar of contrasting color.

The colors are cardinal, oxford, turquoise,

salmon, khaki, maroon, rose, white, copenhagen, green and yellow. They are knitted in both close and loose chain, some with the heavy rib effect. All are the very best styles and are exception values.

Prices on ladies' sweaters range from.....\$3.75 to \$15.00
Children's sweaters, 28 to 34, range from.....\$2.50 to \$6.75
Infants' sweaters are priced at.....\$1.50 to \$5.50

Home made fashion notes gleaned from observation on the streets: The hats this winter will be worn over the left ear with the left eye completely covered; it is considered immodest for a woman to show her left eye on the street. Women are moving their figures up this winter; heretofore they have been around the waist. They will be well under the chin in the fall and winter styles.

A Maryville mother says since the closing of the picture shows, lodge meetings and other public places she can keep her husband and children in the house at night. Daughter can't say when she comes home late from galivaning about that she has been to

Scorpio.

Scorpio is a constellation and the eighth sign of the zodiac. The constellation is conspicuous in early summer in the skies of the southern United States, where the whole of the magnificent tail clears the horizon. With the Chaldeans and Greeks it extended over one-sixth of the planetary circle, the Scorpion being represented with exaggerated claws embracing a circular space where Libra is now placed. From this irregularity it may be inferred that the constellation is older than the zodiac, which was formed before 2000 B. C. Libra, though later, is of no small antiquity, since it appears in the Egyptian zodiacs. Its adoption by Julius Caesar in his calendar made it familiar. Ptolemy, however, though living in Egypt nearly two centuries later, follows Babylonian and Greek astronomers in covering the place of Libra with the Scorpion's claws.

FOCH FINDS TIME TO PRAY.

An American Soldier Witnessed the Allied Commander at Devotions—It is His Daily Practice.

A California boy—Evans by name—with the American Expeditionary Forces in France, has recently written a letter to his parents in San Bernardino, says the Los Angeles Times, in which he tells of meeting General Foch at close range in France.

Evans had gone into an old church to have a look at it, and as he stood there with bared head satisfying his respectful curiosity, a gray man with the eagles of a general on the collar of his shabby uniform, also entered the church.

Only one orderly accompanied the quiet, gray man. No glittering staff of officers, no entourage of gold laced aids were with him; nobody but just the orderly.

Evans paid small attention, at first, to the gray man, but was curious to see him kneel in the church, praying. The minutes passed until full three-quarters of an hour had gone by before the gray man arose from his knees.

Then Evans followed him down the street and was surprised to see soldiers salute this man in great excitement, and women and children stopping in their tracks with awestruck faces as he passed.

It was Foch. And now Evans of San Bernardino counts the experience as the greatest in his life.

During that three-quarters of an hour that the generalissimo of all the Allied armies was on his knees in humble supplication in that quiet church, ten thousand guns were roaring at his word on a hundred hills that rocked with death.

Millions of armed men crouched in trenches or rushed across blood drenched earth at his command, generals and field marshals, artillery, cavalry, engineers, tanks, fought and wrought across the map of Europe absolutely as he commanded them to do, and in no other manner, as he went into that little church to pray.

Nor was it an unusual thing for General Foch to do. There is no day that he does not do the same thing if there be a church that he can reach. He never fails to spend an hour on his knees every morning that he awakes from sleep, and every night it is the same. Moreover, it is not a new thing with him. He has done it his whole life.

SPANISH INFLUENZA
RAPIDLY SPREADING

Persons Weak and Run-down Easy Victims—Fortify Yourself Against It by Taking Tanlac.

According to late reports issued by State and Federal health authorities the Spanish influenza epidemic is rapidly spreading to all parts of the country, and it now seems that practically every state in the Union will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to the public health, but unless checked, it is apt to seriously affect the progress of war work in all its various departments. Already the Shipping Board has announced that ten per cent of its workers had been affected.

The disease has made its greatest progress in the East, where it has claimed its victims by the thousands. Reports from other sections, however, are equally alarming; and both civil and military authorities have warned the public to take every precaution to prevent its further spread. In many cities schools, churches and theaters have been closed and public gatherings of all kinds forbidden.

Medical authorities agree that people who are weak and run-down are the earliest victims of the influenza epidemic. If you find yourself tired, weak and losing flesh, or if you are in a generally run-down condition, or if you catch cold easily this warning should be heeded promptly. You are really in great danger, because the germ of this disease is very catching and you are apt to fall an easy victim if you come in contact with the germ. People who are well and strong are no likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution.

In other words to use the old adage, "An ounce of prevention is worth a pound of cure." And if you are in a sub-normal condition the proper thing to do is to begin immediately to build up your powers of resistance. To accomplish this, nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic, which contains the very elements needed by the system to give you fighting strength and ward off the influenza germ.

First of all, Tanlac begins its action by creating a good healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural functions, thus helping to build up health and strength in the natural way.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after effects of influenza, gripe or bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment, it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. It is also important that the every day rules of hygiene be observed; that is, sleep in well ventilated rooms, get plenty of fresh air and exercise and keep away from crowds.

Tanlac is sold in Maryville by the Koch Pharmacy. Adv.

JOHN N. RIPLEY.

John N. Ripley was born in Cortland Co., N. Y., March 22, 1856 and died at the old home Oct. 19, 1918, at 3:30 a. m.

His parents were Samuel and Polly (Grant) Ripley. They were of French and English descent. On his mother's side he traced his ancestry back to Matthew Grant, from whom Gen. U. S. Grant was also descended.

In 1870 or '71 he was converted and became an earnest member of the Church of God. At 15 years of age he began the carpenter trade and followed it for a number of years. In 1885 he went to Minnesota, where he worked at his trade one season; later, worked in the lumber woods. Next, he went to Illinois. In the latter part of 1890 he went to Paris, Lamar Co., Texas, where he followed his trade for a time. He also frequented to Shreveport, Jefferson and Galveston. He lived through the critical years of the Civil War in Texas. In 1865 he came in September to Nodaway county. He was married in 1868 to Margaret McNeal and they settled on the 40 acres now owned by his son, E. J. By industry, honesty and perseverance he acquired considerable land which he improved. His wife died and he became restless, living sometimes with his children, sometimes with a relative in Illinois, then last year to better his health he went to Southern Missouri, returning to the old homestead in September of this year.

To mourn his going are three sons, John A., E. J. and F. M., all living in Hughes township, and who did all they could to ease the last days of the father they loved so well.

There are three brothers still living, one in New York and two in Kansas.

The funeral services were held Sunday afternoon by the Rev. A. H. McKillip, pastor of the Methodist Episcopal church at Graham, after which the remains were laid to rest in the Kyle cemetery.

How to meet, how to speak, how to call on one's friends, how to eat, how to treat a wife—how to do all these things and more—in American fashion—in other words to adapt themselves to the customs of their country—is the ambition of a little group of Japanese youths who have settled in Hawaii. And to further this ambition they have started classes of etiquette under the aus-

pieces of the Y. W. C. A.

The idea of classes in etiquette was originated a year ago by the Y. W. C. A. for some little Japanese girls who wanted to become good citizens. The men quickly saw the advantage of it, and began to have a course themselves. The Y. W. C. A. foreseeing the advantage it would be for their girls to have

the men drilled in these rules, consented to supply the teachers for a six weeks' course.
